<u>ETMS DESCRIPTION:</u>

The Effortless Traffic Management System (ETMS) is an AI-powered solution designed to transform urban traffic management. It reduces congestion, enhances road safety, and prioritizes emergency vehicles like ambulances. ETMS offers real-time monitoring, predictive analytics, and adaptive traffic control, making it efficient for cities of all sizes. With user-friendly features and scalability, ETMS improves transportation networks, ensuring faster response times and better road safety for all.

BILS/INVOICES:

Zain Traders

Ic Transistors, IGBT Modules, LCD & All Industrial Parts Capacitor and Resistor

Azeem 0300-4858881
